

Position: STRUCTURAL STEEL CONNECTION DESIGN ENGINEER – Full-time employee

Office Location: Minneapolis, Minnesota

Description

Meyer Borgman Johnson is currently seeking a motivated STRUCTURAL STEEL CONNECTION DESIGN ENGINEER to join their dynamic Integrated Steel Services Team. This position will be responsible for managing and providing steel connection design services on projects for steel fabricator clients. This is a long-term position involving commitment to project management within this area of focus.

Minimum Qualifications

- Minimum of 1 year full-time steel connection design experience, working directly for the steel fabricator where the EOR delegated the connection design
- Bachelor's degree in Civil/Structural or Architectural Engineering
- Firm understanding of all basic AISC 13th/14th Edition (ASD and LRFD) design provisions and all related best practices of steel connection design
- Strong verbal and written communication skills
- Experience working closely with steel fabricators and a firm understanding of their preferences relative to economic designs, safety, building erection, and timeliness
- Engineering project management experience

Preferred Qualifications

- Proficient in MathCAD and Microsoft Excel
- Master's degree
- Three to five years working as a delegated connection engineer with fabricators or directly in a fabrication shop

Duties and Responsibilities

- Work closely with Integrated Steel Services Manager and Director to lead the daily operations of steel connection design projects
- Work daily with steel fabricator clients to provide timely and efficient connection design solutions on a wide variety of steel connection projects
- Responsible for maintaining quality control procedures on all work leaving MBJ office
- Manage demanding project schedules
- Work with and manage fellow connection design engineers with the ability to collaborate daily in achieving project goals and requirements
- Build and maintain client relationships

Compensation and Benefits

Compensation is commensurate with experience and qualifications.
